SOUND FAMILIAR?

Problems Every Trader Faces

Paper Records Get Lost

Notebooks tear, pages go missing. You can never find what you need when you need it.

Customers Owe You Money

Hard to track who owes what. Debts pile up and you lose track of your real balance.

Container Stock is Confusing

Tracking what came in, what sold, and what remains from each container is a daily headache.

No Clear Picture of Profit

At month end you don't really know if you made money — or just stayed busy.

WHAT MAKES US DIFFERENT

Built Uniquely for Kantamanto

UNIQUE

Container Offload Interface

Upload your container list and offload items instantly. Tracks every item — quantities received, sold, and remaining. Warns you of duplicates before they cause problems.

UNIQUE

Inventory by Container & Supplier

See exactly which stock came from which container and which supplier. Physical inventory tracked separately — no mixing up your bales.

UNIQUE

Container & Regular Sales

UNIQUE

Free Custom Build for You

Sell directly from a container or do regular daily sales.
Both tracked separately with full reports so you always
know where revenue is coming from.

Tell us how your shop works and we customise the system
to match your exact operation — free. Your system will be
different from every other trader's.

Complete Feature Overview

FULL FEATURE SET

Everything You Get in One System**Customer Debts & Credit Notes**

Track every customer balance. Issue credit notes for returns. Know exactly who owes you at all times.

**SMS Alerts for Customers**

Send automatic SMS updates to customers about their balances, payments, and debt reminders.

**Daily Cash Reports**

See your daily cash in from sales, payments to suppliers, and closing balance — no calculator needed.

**Role-Based Staff Access**

Cashier sees sales only. Store keeper sees stock only. Your financials stay private and secure.

Real-Time Data — Anywhere in the World

Check your sales reports, customer balances, and stock levels live from any phone or computer — at the market, at home, or abroad.
